M SHELF IS A PERFECT ADDITION TO OUR **K** DESK AND **X** STOOL. IT CREATES A PRACTICAL WORKING CORNER FOR YOUR CHILD OR FOR YOURSELF.

Ta shelf

WE DESIGNED THIS SHELF WITH AIM THAT IT WOULD GROW WITH THE NEEDS OF YOUR CHILD. AT THE BEGINNING IT COULD BE USED IN A BABY NURSERY ABOVE A COMMODE. YOU CAN STORAGE THE NECESSARY ACCESSORIES ON IT AND DISPLAY SPECIAL

BABY CLOTHES. IN A TODDLER ROOM, **L SHELF** WOULD HELP TO DISPLAY LITTLE TOYS AND FAVOURITE WARD-ROBE GARMENTS. IN A TEENAGER ROOM THE L SHELF WOULD BE A FUNCTIONAL AND BEAUTIFUL ELEMENT TOO.

A hand-dyed rabbit doll is nestled in a light-colored wooden shelf. The doll is made of light-colored fabric, possibly linen, and has long, thin legs. It wears a small, patterned cap and a green and white patterned scarf. Its long ears are made of a darker, brownish fabric. The shelf is part of a larger white structure with a modern, geometric design. The background is a soft, out-of-focus white.
